

## THE OPPORTUNITY

The Rockford Pediatrics PC project involved a 2,000 square foot renovation of an existing building. Dr. Kim Alt and Dr. Trew Stransky leased the building in early 2017. The space was tired. And dated. It needed a quick, creative, and inexpensive overhaul. Honor Construction fit the bill and partnered with the Rockford Pediatrics team to improve and modernize the space within a short timeline.

**TIMELINE: 10 WEEKS**

**SCOPE: TOTAL RENOVATION**

## MAKING IT HAPPEN

Honor Construction worked closely with Dr. Alt and Dr. Stransky to design and build out the space. Weekly status meetings ensured the process was effortless. The renovation transformed the area into an open and inviting space – with a few unique design finishes for patients and families to enjoy. The building now features a sleek reception area, finished exam rooms, and a few premium offices.

## WHAT THE CLIENT HAD TO SAY

“ The Honor team completed this project on time and on budget – even while we were often preoccupied with the many, many details surrounding the opening of our new practice! And we are grateful. The end result is exactly as we imagined it to be. Honor is a trusted partner, one we recommend very highly.
